STEP 1 OF 5

Sign in or sign up

Your account takes 30 seconds. No email verification.

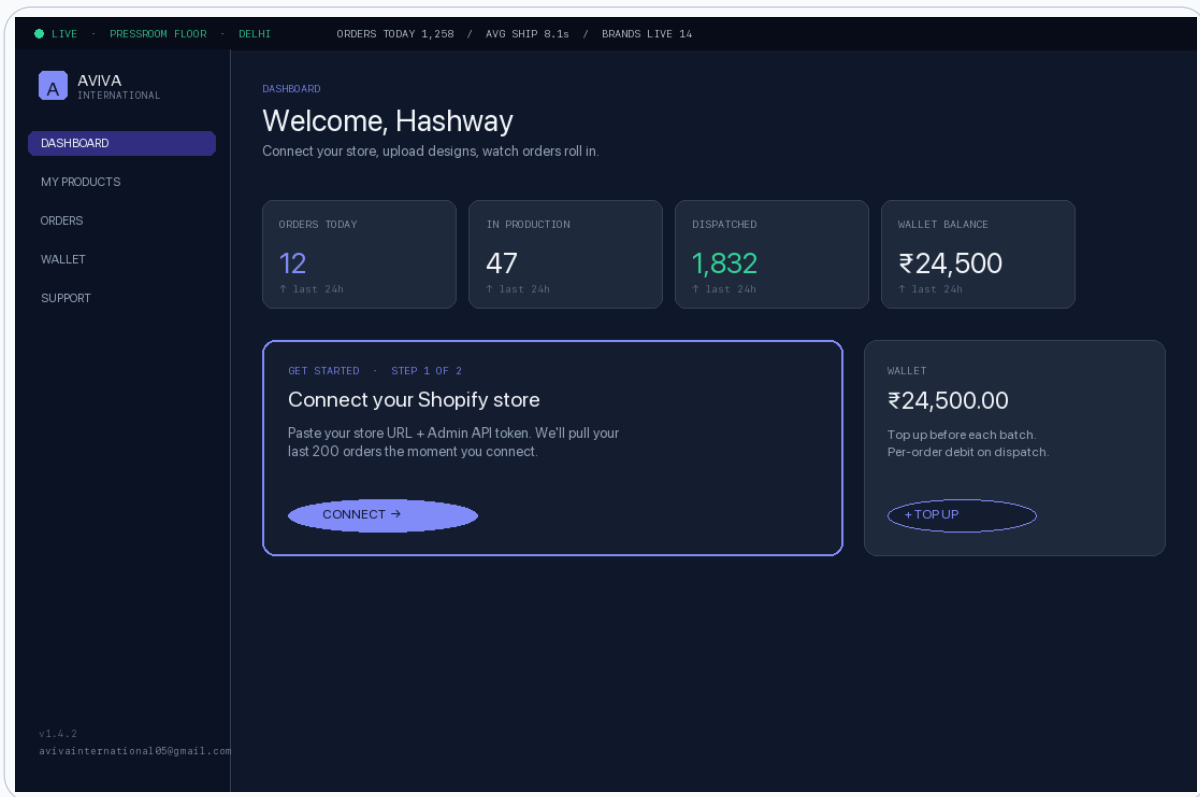

The screenshot shows a dark-themed web interface for Aviva International. In the top-left corner is the Aviva International logo. The main heading is 'Start printing today' with the subtext 'Free to join · No credit card required'. Below this are three input fields: 'BRAND NAME' (containing 'Hashway Clothing'), 'EMAIL' (containing 'founder@hashway.in'), and 'CREATE PASSWORD' (containing eight dots). A prominent blue button labeled 'CREATE ACCOUNT →' is positioned below the password field. At the bottom, there is a link that says 'Already have an account? Sign in →'.

- 1** Open avivainternational.co
Either on your laptop or phone. The 'CLIENT LOGIN' button is in the top-right.
- 2** Click 'Create account'
First-time only. Already signed up? Use 'Sign in' instead — same screen.
- 3** Fill three things
Brand name (e.g. Hashway Clothing). Your email. A password — at least 8 characters.
- 4** Hit 'Create account'
We log you in straight away — no email confirmation link to chase.

STEP 2 OF 5

Inside your dashboard

This is what you'll see every time you sign in.

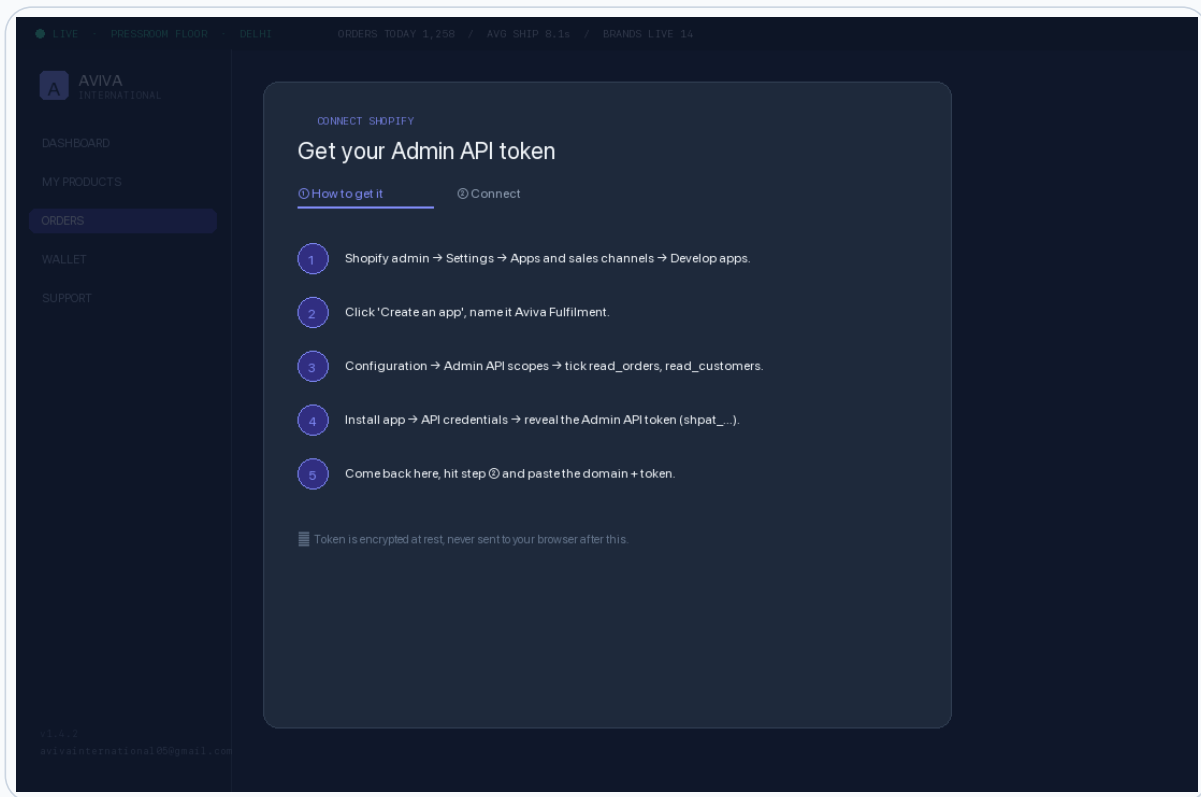

- 1 The left sidebar**
Five pages: Dashboard, My Products, Orders, Wallet, Support. Click any to jump.
- 2 The four metric tiles**
Orders today · In production · Dispatched · Wallet balance. They update live.
- 3 The big indigo card**
On day one this asks you to connect Shopify. Click it to move to Step 3.
- 4 The wallet box on the right**
Top up before each batch. We debit per order on dispatch — no monthly fees.

STEP 3 OF 5

Connect your Shopify store

We pull your last 200 orders the moment you connect.

- 1 Open the modal**
Click 'Connect Shopify' on the dashboard, or go to Orders → Connect.
- 2 Get your Admin API token from Shopify**
Settings → Apps → Develop apps → Create app 'Aviva Fulfilment'. Tick scopes read_orders and read_customers, then install.
- 3 Copy the token**
It starts with shpat_. Keep it private — never share it on WhatsApp screenshots.
- 4 Switch to tab ② and paste**
Your *.myshopify.com domain + the token. Hit Connect. Done — last 200 orders sync immediately.

STEP 4 OF 5

Add your products

One card per product. As many designs as you want per card.

ADD PRODUCTS

1 product · 2 designs

Upload one or many designs per product. Each design needs a print width × height.

01 READY

PRODUCT NAME: Lotus crew tee

SELLING PRICE: ₹699

CATEGORY: Oversized boxy

SIZES: S · M · L · XL

DESIGNS · PNG / JPEG up to 10 MB each · We print at the exact W × H you set below

lotus-front.png 14 MB WIDTH (in): 11.5" HEIGHT (in): 13.0"

AVIVA back-print.jpg 920 KB WIDTH (in): 4.0" HEIGHT (in): 4.0"

+ ADD ANOTHER DESIGN

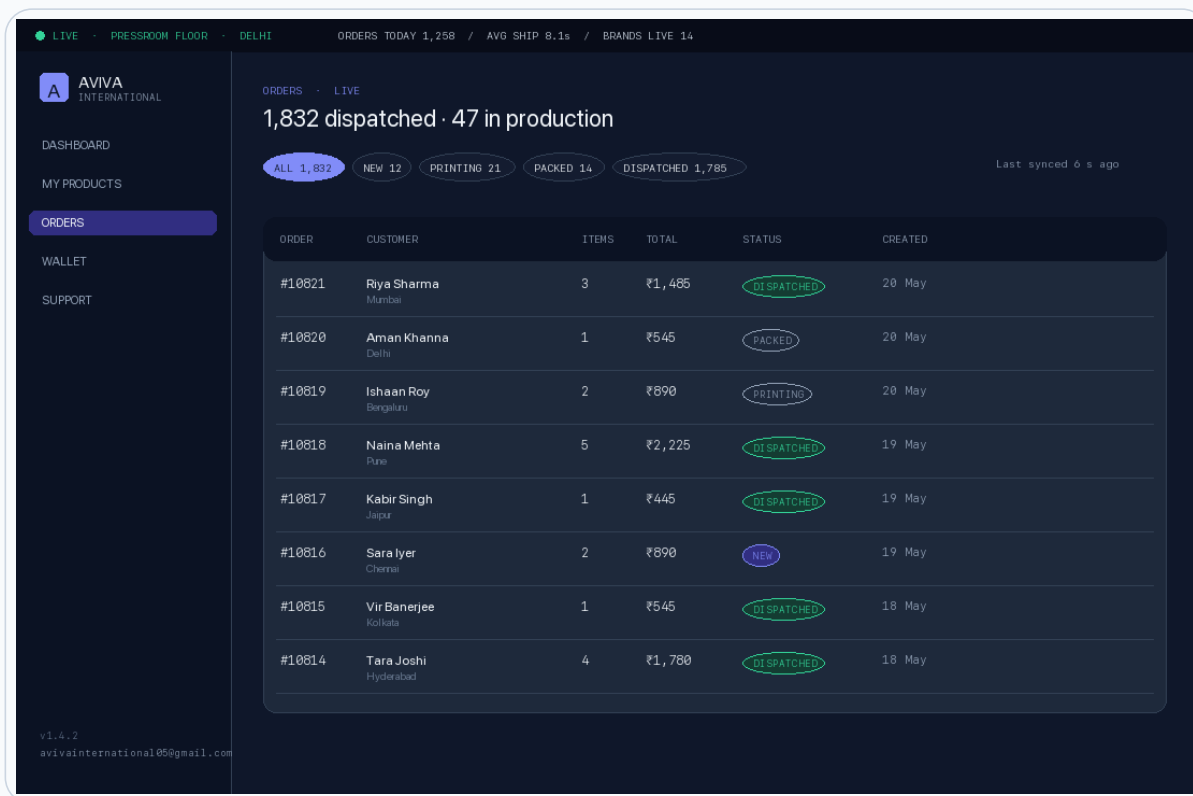

Cancel SAVE PRODUCTS →

- 1 Click 'Add Products' on My Products
A modal opens. Each product is a card you fill in top-to-bottom.
- 2 Fill the basics
Product name. Selling price (₹). Pick a blank: oversized boxy / acid wash / waffle. Tick sizes.
- 3 Upload designs
Click '+ Add Design', pick a PNG or JPEG up to 10 MB. Enter the exact WIDTH × HEIGHT in inches — that's the size we'll print at.
- 4 Need more than one design?
Hit '+ ADD ANOTHER DESIGN' inside the same card. Front + back + sleeve — stack them all.
- 5 Paste your Shopify link, then Save
The product appears under My Products with thumbnails of every design and its dimensions.

STEP 5 OF 5

Watch your orders roll in

Real Shopify orders, real-time. Filter, search, follow the status.

- 1 Open the Orders page
Every Shopify order auto-syncs in. No CSV uploads, no copy-paste.
- 2 Read the status chip
NEW → PRINTING → PACKED → DISPATCHED → DELIVERED. We update it as your order moves through the floor.
- 3 Use the pills to filter
ALL · NEW · PRINTING · PACKED · DISPATCHED. Counts update live.
- 4 Click any row to see details
Customer, items, address, AWB once dispatched. Everything in one place.
